Summary

Frontend Developer specializing in building **responsive** and user-focused web applications using **React.js**, **JavaScript**, and modern **CSS frameworks**. Experienced in developing scalable **UI components**, integrating **RESTful APIs**, and optimizing **performance**. Passionate about delivering clean, maintainable code and seamless user experiences.

Skills

Technical Skills:

- Languages: HTML5, CSS3, JavaScript, TypeScript
- Frameworks & Libraries: React.js
- Styling: Bootstrap, Tailwind CSS
- Tools: Git, GitHub
- Concepts: REST APIs, Responsive Design, Component-Based Architecture, Cross-Browser Compatibility

Soft Skills

- Problem Solving
- Attention to Detail
- Time Management
- Team Collaboration
- Communication Skills
- Adaptability & Continuous Learning
- Ability to Work Under Pressure

Professional Experience

Frontend Trainee Digital Egypt Pioneers Initiative (DEPI) 2025– 2026

- Building responsive web applications using React.js and modern CSS frameworks
- Working with RESTful APIs and handling real-world data
- Applying best practices in clean code and performance optimization
- Collaborating on projects and improving problem-solving skills

Projects

CRUDS App | JavaScript | GitHub Repository 🔗 | Live Demo 🔗

- Built a client-side CRUD application to manage data entries in the browser
- Implemented create, read, update, and delete operations
- Added search functionality to filter records efficiently

E-Commerce App | React.js | GitHub Repository 🔗 | Live Demo 🔗

- Developed a dynamic e-commerce frontend for product browsing and management
- Implemented full cart functionality with add, update, remove, and quantity control
- Added favorites list with Local Storage persistence across sessions

Weather App | React.js | GitHub Repository 🔗 | Live Demo 🔗

- Developed a responsive weather app with real-time data fetching from Open Weather Map API
- Integrated API to display temperature, humidity, wind speed, and weather conditions dynamically
- Implemented dynamic weather icons and search functionality for any city to enhance user experience

Education

Bachelor of Computer Science
Ain Shams University

10/2023 – Present
Cairo
